# Adopt CEDARS Herd of 94 Hungry Horses!

Our 94 hungry horses are vacationing at camp, grazing non-stop and growing warm winter coats. To prepare for our "best summer yet," we need your financial support to feed and care for them, provide ongoing training and instructor certification, continue pasture and fence improvements, and repair tack. CEDARS horses provide campers with hours of successful accomplishments and unselfish interactions in horse shows, arena work, trail and nature rides, pack trips, vaulting, harnessing and driving two-wheeled carts with the minis and the buckboard with the Belgians. At CEDARS, all campers ride the horses and our riding programs give hourly opportunities to practice Christian Science.

## All CEDARS HORSE CARE donations will be matched!
