Dear Campers and Families,

We are growing winter coats, training with the Wranglers, and dreaming of summer when we will have our camper friends back in the saddle. But even when you campers aren't at CEDARS, we still need to eat and train. Thank you for helping care for us, our tack, and our facilities so that we can express God together through riding and make this the best summer yet!

With neighs of gratitude,  
Missi & your 68 riding horses, 13 minis and ponies, & 3 Belgians
